Annual Library Service Plan  
2016-17

Early Childhood Program-Short Term Goals: We are continuing to add Early Literacy activities to our Story Times. We have added to our Early Learning Literacy with new books, toys, games and crafts. We have 30 + Ready2Learn cards as of last month.

Long Term Goals: Have a fun and enjoyable Story time. Get more people to attend Story time. Do more advertising for Story time. Add more singing to Story time.

Outcomes: Having Early Literacy as part of Story time will help get the children ready for school. The added activities makes the story time more fun!

Welcoming/User Friendly Atmosphere-Goals Short: Our goal is to be friendly to the Patron as soon as they walk into the library. We ask if they need help finding something or if they need help on the computers.

Long Term Goals: To continue with our friendly and welcoming atmosphere.

Outcomes: We have patrons comment on how nice the library is for such a small town. The patrons like the small town and friendly atmosphere.

Adult Programs Short Goals: Our book club is doing OK. It meets every 3<sup>rd</sup> Tuesday of the month. Our program with The Links has come to a stop for now. The person that is doing it right now is in charge of other facilities as well as this one, and he doesn't have the time to do it.

Long term Goals: Get more Adult programming, hopefully get The Links Back.

Outcomes: To keep up with our adult programming.

The funds that we do not spend on the above we will spend on: audio books, adult books, children's books.
